LEVEL 4

IN

SCAFFOLDING

National Certificate Level 4 in Scaffolding

- 1. Level of qualification:** 4
- 2. Total Credits:** 120
- 3. Review date:** 03 July 2031
- 4. Access to qualification:**

4.1 Entry information

National Certificate Level 3 in any trade in the construction industry or an alternative acceptable qualification at Level 3 of the NQF with 1 year working experience in the field of Construction.

or

National Certificate of Education (NCE) or an alternative acceptable qualification at Level 2 of the NQF with 3 years working experience in the field of Construction.

4.2 Recognition of Prior Learning (RPL)

Potential candidates holding at least 3 years of working experience in the relevant field may access this qualification through the Recognition of Prior Learning (RPL) process.

5. Award of Unit Standards

Unit No.	Unit Standard Title	Level	Credit
Health & Safety and General Skills			
01	Manage and provide First Aid	4	2
02	Apply Workplace Health and Safety Requirements	4	3
03	Install, use, & disestablish proprietary fall arrest systems when working at height	4	3
04	Apply Safety Procedures for the Erection of Proprietary Scaffolding at Height	4	4
05	Apply Safety Procedures for the Dismantling of Proprietary Scaffolding at Height	4	4
06	Demonstrate knowledge of a pre-determined rescue plan for fall prevention	4	3
07	Communicate Information in the Workplace	4	1
08	Perform basic mathematical operations	4	1
09	Read / Understand manuals and notes for practical purposes	4	2
Erection and Dismantling of Scaffolding			
10	Use and maintain scaffolding hand and power tools	4	3
11	Use Tube and Coupler Components in Proprietary Scaffolding Systems	4	3
12	Handle and maintain basic scaffolding components	4	3

13	Accept and prepare a scaffolding site for the basing out of scaffolding	4	3
14	Base out tube and fitting scaffolding	4	3
15	Base Out and Install Proprietary Frame Scaffolding	4	3
16	Base out individual component proprietary scaffolding	4	3
17	Erect and Dismantle Standing Tube and Fitting Scaffolding Safely	4	4
18	Erect standing proprietary scaffolding	4	4
19	Dismantle standing proprietary scaffolding	4	4
20	Erect and dismantle ties and anchorages to scaffolding	4	4
21	Erect timber scaffolding	4	6
Supervisory and Related Skills in Scaffolding			
22	Perform Construction Calculations	4	3
23	Carry out preliminary work for construction of scaffold works on site	4	4
24	Inspect and keep record of different scaffolding works	4	4
25	Erecting High Wall, Column, Suspended Beam, Slab and Stair Formwork	4	3
26	Identify and mitigate hazards relevant to scaffold on site	4	7
27	Coordinate Site Layout and Organisation for Construction	4	3
28	Apply Building Industry Standards, Codes and Legislative Requirements	4	2
29	Apply Digital Tools and Technologies in Scaffolding Operations	4	8
30	Apply Temporary Works Principles and Supervisory Responsibilities in Scaffolding Operations	4	5
31	Conduct Advanced Scaffold Inspection and Certification	4	5
32	Implement Sustainable Scaffolding Practices	4	5
33	Undertake Work-Integrated Learning and Workplace Project in Scaffolding Operations	4	5
Total Credits			120

6. Purpose of Qualification:

This qualification is intended for people wishing to pursue a career in Scaffolding and is mandatory for those wishing to join the labour market as scaffold supervisor. People awarded with this qualification are able to base out, erect, and dismantle scaffolding including their ties and anchorage, to use safety harness, to supervise scaffolding works and to know predetermined rescue plans.
